

What Makes Things Fun to Learn?

Heuristics for Design

T. Malone
Xerox PARC

Challenge

The first challenge is keeping players
engaged through uncertain goals.

A wrapped continuation line.

Fantasy

Fantasy can make a game more
compelling when it is intrinsic.

Players identify with avatars.

Curiosity

Curiosity is sparked by surprise.

and by constructive feedback.

Rewards can even backfire.

References and notes go here

in the final column.

Continuing the reference list.

A conclusion wraps up the paper
and points at future work.

References and notes go here
in the final column.
